PATHWAYS is an immersive career exploration activity supported by Career Visions' WorkAbility I Program. Each PATHWAYS campaign is intended for those individuals interested in investigating career opportunity in the chosen pathway, and custom tailored using student feedback to showcase both training and employment opportunities for a particular employment sector. This activity is open to all special education students actively enrolled with the William S Hart Union High School District.

Please email completed applications to Career Transition Advisor Ulla Rincon at [urincon@hartdistrict.org](mailto:urincon@hartdistrict.org).
